THAW DECLARED INSANE

Justice Mills Declares That White's Slayer Must Be Held at Matteawan Asylum

White Plain's, N. Y., Aug. 12.—Harry K. Thaw's latest attempt to gain his liberty met with defeat today when Supreme Court Justice Mills dismissed the writ of habeas corpus and declared that the release of the petitioner would be "dangerous to public peace and safety." The signing of an order sending Thaw back to Matteawan, a formality is scheduled to take place tomorrow morning in Justice Mills' chambers at Mount Vernon.

There is no crumb of comfort for Thaw in the seven-thousand-word opinion handed down by Justice Mills today. All the contentions of his old adversary, District Attorney Jerome, are supported, and it is declared that Thaw is still insane, still suffering from persistent delusions, and still as much a paranoiac as on the day he shot Stanford White.

Cholera Infantum Cured.

"Something like two years ago my baby which was then about a year old, was taken seriously ill with cholera infantum, writes J. F. Dempsey, of Dempsey, Ala. I did what I could to relieve her but did her no good, so I went to Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by all druggists.

A. H. T. A. Picnic.

The Third Annual Picnic of the Barry County A. H. T. A. will be held at Bethel Spring, 5 miles south east of Monett, Thursday August 26. Prominent speakers have been secured for the occasion and a very pleasant time is assured.

The "Antis" extend a general invitation to all to attend and have a good time together.

Granulated Sore Eyes Cured.

"For twenty years I have suffered from a bad case of granulated sore eyes, says Martin Boyd, of Henrietta, Ky. In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have no given me any trouble since." This salve is for sale by all druggists.

STONES PRAIRIE

The hot dry weather still continues.

Wanted—A good rain in this vicinity. We want a regular chip floater and gully washer.

Valentine, the little daughter of Mr. and Mrs. Z. H. Holmes has been on the sick list for the past week but is some better now we are glad to say. She has had a cankered sore mouth, caused by a deranged stomach.

There has been a good deal of sickness in this vicinity but most of them were threatened with fever and succeeded in stopping it.

The many friends of Willie Banks will be glad to learn that he is now recovering from his recent serious spell of typhoid fever. Being able to sit up for a few minutes each day. We hope he will not get any backset and will soon be out again.

Mrs. Nora Holmes, who has been on the sick list for the past few weeks, threatened with nervous prostration, caused by a rundown condition of the system and overwork augmented by the hot weather is beginning to improve a little now we are glad to say.

Mrs. Martha Higgins is still in very poor health.

Mrs. Hattie Haddock and children visited her parents, Mr. and Mrs. Redman Wormington, Wednesday. Her mother is still in very poor health but is getting as well as could be expected.

Mrs. Nan Holmes, who was threatened with the fever is improving some now.

Several from this neighborhood attended the reunion at Cassville last week. They report a good time.

Last Sunday was the regular meeting day at New Site. Bro. McCombs filled his regular appointments. The services were pretty well attended.

There will be Sunday School at New Site next Sunday as usual, also prayer meeting Sunday and Wednesday nights. Everybody invited to attend these services.

Our farmers are having a hard time trying to get their plowing done. The weather is so hot and the ground so hard and dry that they make very slow progress. Some have quit and are waiting for it to rain before they try to plow any more. They say the ground is so hard that the plows won't take it and what little scratching and skipping around they can do won't much good anyway. And if it don't rain they won't need any plowing done. All are about ready to jump right in and rush right through as soon as it rains, however.

The corn has been damaged to a great extent in this locality by the dry weather but there is still a good deal of it that would be helped wonderfully by a good rain.

With best wishes to the TIMES and its readers, I am

BRONZE DRINKING FOUNTAIN

Erected by the Monett W. C. T. U. and Given to the City

The fine bronze drinking fountain secured through the efforts of the Women's Christian Temperance Union has been installed. It is a fine piece of workmanship and will be a credit to the members of the Union who originated the movement and labored for its accomplishment. The cost of the fountain was \$113.30 laid down in the city.

The history of the fountain is in brief as follows:

During the early part of last winter Mrs. D. A. Peters conceived the idea of having the Monett W. C. T. U., of which she is a member, erect a drinking fountain at some point on Broadway for the benefit of the farmers and their families and the thirsty public generally. She wrote for catalogues and at the January meeting of the Union presented the subject. There were present at this meeting Mesdames F. M. Baity, J. P. Westbay, W. W. Campbell, Wm. Williams and D. A. Peters. The ladies heartily approved of the proposition and began at once to formulate plans for securing funds. At subsequent meetings the plans were perfected and the work of securing funds by solicitation, exchanges and entertainments were pushed with vigor.

The hopes of the originators of the movement and their able assistants have been realized and the city will benefit by their work and self denial.

Washington's Plague Spots

Lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles. Try them, 50c. Guaranteed by A. H. Cox & Co.

The canning factory made its initial run for this season last Tuesday afternoon. The tomatoes canned are said to be the finest ever brought to the factory and the run made is said to be the first run since the factory was opened. The factory will be operated again today, Friday.—Sarcoxie Record.

CHILD BADLY HURT

Dr. Hagler was called five miles southeast of town yesterday to attend the 6-year-old daughter of Mr. and Mrs. Leander Bandy who was badly cut on the forehead and seven stitches were necessary to close the wound.

Mr. Bandy was digging a cistern and the digger, when the tub was lowered, loosed the rope and the hoister drew up the rope out of the way of the workman, when the tub was filled the digger caught the rope and drew it down. The crank of the windlass struck the child, who was standing at the mouth of the cistern, an upward blow above the eye cutting a terrible gash. Had the child been struck a downward blow she would doubtless have been killed instantly.

MENDON

We are badly in need of a good rain.
